

Colour Accuracy Disclaimer

Due to variations in screen displays and printing processes, colours may appear differently in print than on your monitor. We cannot guarantee exact colour matching, especially for RGB-to-CMYK conversions.

File Quality Disclaimer

Customers are responsible for ensuring that all uploaded files meet the required resolution, format, and design specifications. We are not liable for issues such as pixelation, blurriness, or low-quality output resulting from poor file preparation.

Print Tolerance Disclaimer

All printing processes have slight tolerances. Minor variations in cutting, alignment, folding, and colour density are considered acceptable and not defects.

Turnaround Time Disclaimer

Production and delivery times are estimates and not guaranteed. Delays may occur due to unforeseen circumstances, including equipment issues, supply shortages, or courier delays.

Bleed and Margin Disclaimer

It is the customer's responsibility to include proper bleed and safe margins in their design files. We are not responsible for unintended trimming of important content that falls outside recommended guidelines.

Material & Finish Disclaimer

Printed materials and finishes may vary slightly from samples due to batch differences and availability. We reserve the right to substitute materials of equal quality if necessary.

Liability Disclaimer

Our liability is limited to the cost of the print job. We are not responsible for any indirect, incidental, or consequential damages arising from the use of our products.

Intellectual Property Disclaimer

By submitting artwork, you confirm that you have the legal right to reproduce all content. We are not responsible for any copyright or trademark infringements.

Order Cancellation Disclaimer

Orders cannot be cancelled once production has begun. Cancellation requests prior to production may be subject to administrative fees.
